

BUPI CLEANER®

HIGH-PRESSURE MANUAL WASHING STATION

SIMPLE AND EFFICIENT CLEANING OF LARGE COMPONENTS AND ASSEMBLIES.
IDEAL FOR MAINTENANCE AND REPAIR PROCESSES.

-  **HIGH-PRESSURE**
Powerful cleaning performance for heavy soiling and stubborn residues.
-  **MANUAL & FLEXIBLE**
Ergonomic high-pressure gun for targeted cleaning of large components and assemblies.
-  **EFFICIENT & RELIABLE**
Robust design for demanding industrial use and long service life.
-  **SUSTAINABLE**
Water-based cleaning systems with efficient water recovery for resource-efficient operation.

IDEAL FOR MAINTENANCE & REPAIR PROCESSES

Perfect for workshops, depots and service centers.

SUITABLE FOR LARGE COMPONENTS

Engine parts, bogie frames, gearboxes and assemblies.

CLEAN. SAFE. EFFECTIVE

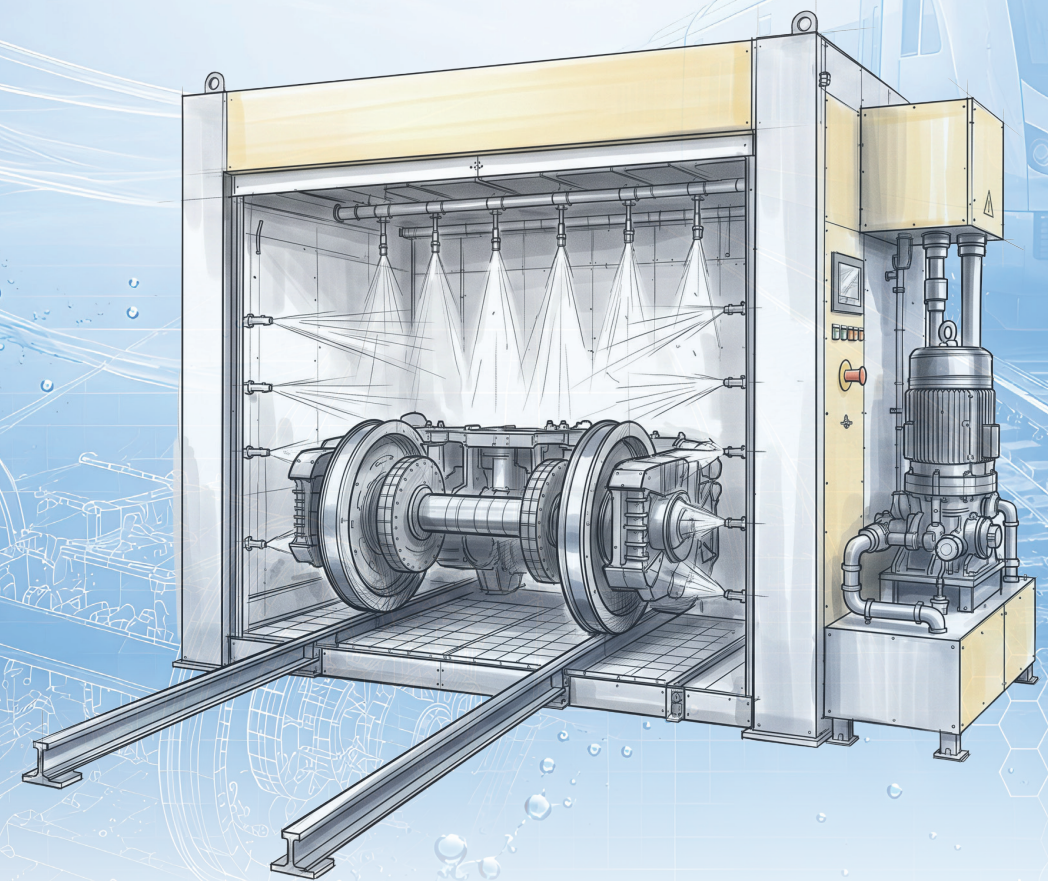

High cleaning power with maximum operator safety.

BUILT FOR DAILY USE

Reliable performance when it matters most.

BUPI CLEANER®

BOGIE & WHEELSET CLEANING SYSTEM

POWERFUL CLEANING. RELIABLE PERFORMANCE.

- **COMPLETE CLEANING**
Thorough cleaning of complete bogies and wheelsets.
- **RELIABLE PROCESS**
Consistent quality and high process reliability.
- **POWERFUL & EFFICIENT**
High-performance cleaning technology for optimum cleaning results.
- **SUSTAINABLE**
Water-based cleaning, resource-efficient and environmentally friendly.

**OPTIMAL PREPARATION FOR
MAINTENANCE & INSPECTION**
Clean components for safe inspection, reliable maintenance and maximum operational readiness.

ENGINEERED FOR RAILWAY EXCELLENCE
Designed for depots, workshops and production sites.
Built for demanding railway environments.

REMOVING OPERATIONAL RESIDUES
For a safe, efficient and reliable maintenance process.

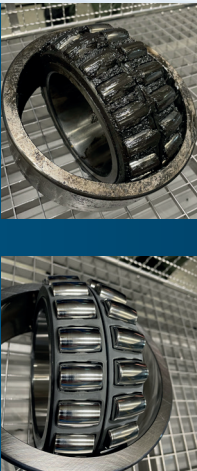

BUPI CLEANER®

END-TO-END CLEANING

MAINTENANCE. OVERHAUL. INDUSTRIAL CLEANING.

- **MAXIMUM CLEANING PERFORMANCE**
Powerful cleaning technology removes even stubborn contaminants.
- **SUSTAINABLE SOLUTIONS**
Water-based systems for an environmentally friendly operation.
- **RELIABLE PROCESSES**
Consistent cleaning quality for safe, efficient maintenance and overhaul.
- **READY FOR THE FUTURE**
Optimized for modern maintenance workflows and production needs.

VERSATILE APPLICATIONS
Flexible cleaning solutions for a wide range of parts, geometries and requirements.

INDUSTRIAL CLEANING
Effective removal of process residues and contaminants for reliable downstream operations.
